## Mail Service Expected for State Program

Countywide expansion of Old Age Security confirmation by mail, expected to save taxpayers \$2 million a year, was predicted this week by Supervisor Kenneth Hahn.

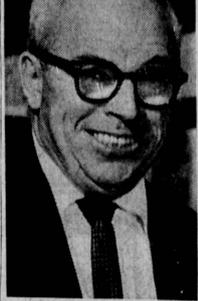

Hahn said the State Department of Social Welfare—after his strong urging for the past year—has agreed to authorize the program throughout the county.

The expansion should be effective Oct. 1, pending written notification from the state, Hahn said.

THE PROGRAM will allow at least 100 college-trained social workers in the OAS program to spend more time

counseling and rehabilitating needy families rather than checking the age of elderly persons, he said.

Hahn pointed out that once a person reaches age 65 and has been checked as eligible to receive OAS, there

## Viet Nam Breakfast Scheduled

A special Benefit Breakfast has been planned by the Redondo Beach Woman's Club for Sunday, Aug. 14, from 7:30 a.m. until 1 p.m.

Proceeds from the breakfast will be used to buy popcorn and soft drink crystals for shipment to servicemen in Viet Nam, Mrs. William A. Bailey, president of the club, said.

Mrs. Bailey said servicemen have expressed a preference for popcorn over cookies and have asked for the soft drink crystals to improve the taste of drinking water.

Tickets for the breakfast will be sold at \$1 for adults and 50 cents for children under 12. The Marine Corps will transport the goods to Viet Nam.

Ticket information is available by calling FR 2-6030 or FR 1-3881. The breakfast will be held at the Redondo Beach Masonic Temple, Ruby Street and Catalina Avenue.

It is co-sponsored by the Evening Division of the Woman's Club and by the Dianas.

## V. L. Darby Elected to Hi-Shear VP

Election of Vene L. Darby as vice president-engineering for Torrance's Hi-Shear Corp. has been announced by George S. Wing, board chairman and president of the firm.

Darby joined Hi-Shear four years ago as chief engineer and was elected to the firm's board of directors two years ago. As vice president-engineering, he has over-all responsibility for the design, development, and testing of all Hi-Shear products and processes.

Before joining Hi-Shear in 1962, Darby spent 22 years in design and supervisory positions with North American Aviation, Northrop Corp., and Lockheed Aircraft. He is a member of the American Institute of Aeronautics and Astronautics, and the American Management Association.

He lives in the Riviera section of Torrance with his wife and their two daughters.

## Puppet Theater Marks Third Birthday Today

The Happy Wanderer traveling puppet theater, sponsored by the Torrance Recreation Department, will celebrate its third birthday this afternoon at 2:30.

Special ceremonies observing the third anniversary of the program are planned at Guenser Park, 17800 Gramercy Place. Featured speakers will include Harry Van Belle, director of recreation, and Deanna Manning, senior recreation supervisor for parks and playgrounds.

The Happy Wanderer originated in the Montreal, Canada, Park Department. A donation of \$250 from the Torrance Junior Women's Club underwrote the project in Torrance. It was launched in 1963 at Torrance Park.

In addition to yearly appearances at Torrance parks

and playgrounds, the Happy Wanderer has been featured on television and was the center of attention at a North American Aviation Christmas party.

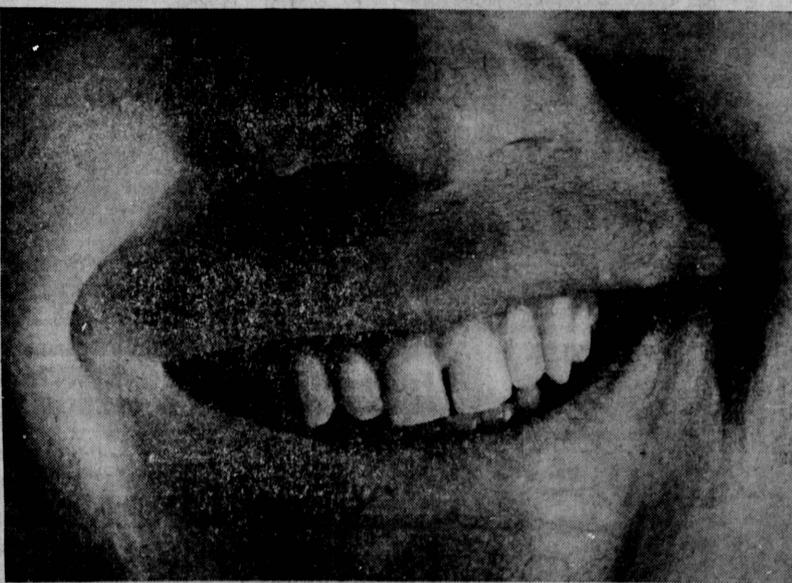

More than 3,000 children have participated in the program since it was initiated here. The amateur puppeteers make their own puppets, write a script, design and build scenery, then produce a complete show.

Dave Erlich, leader in charge of the program, and Carol Bonnet will take the Happy Wanderer to three more playgrounds before the summer ends. Visits are scheduled Aug. 8, 9, and 10 at the Pueblo Community Center, Aug. 15, 16, and 17 at Lago Seco Park, and Aug. 22, 23, and 24 at Calle Mayor playground.
